Product details

High-quality stainless steel design. Heat-insulating casing made from modern stainless steel with LED operating panel.

Integrated bagel function offers one-sided and energy-saving toasting.

Large toasting chambers and balanced toasting enable even toasting of both sides of the bread. Also suitable for XXL slices of toast.

The toaster features warm and defrost levels and a re-release button with an indicator light. What's more, there are 7 toasting level settings.

Integrated bun warming rack to easily prepare buns.

Push to open function and removable crumb tray for easy cleaning.
