Product details

Powerful BLDC motor for professional results:
The advanced BLDC motor offers fast and efficient drying - ideal for salon-worthy results.

Elegant design and robust construction
The aluminum housing combines stylish looks with durability and robustness so that the hairdryer always looks good and lasts a long time.

Versatile styling control
Adjustable with three temperature and speed settings for customized results. The cool-shot function fixes the look and adds the finishing touches.

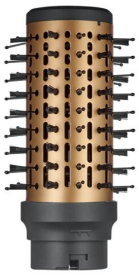

Ionic technology for shiny hair
The integrated ionic function reduces frizz and ensures a smooth, shiny surface that leaves hair radiant.

Modern concentrator - for precise, fast styling
The modern, narrow concentrator directs the airflow to specific areas. Perfect for smooth, sleek results or to create targeted volume at the roots.

Round brushes (33mm) - For luxurious, large curls
Perfect for medium to long hair, this round brush allows you to create soft waves and voluminous styles.

Round brushes (50mm) - For precise, defined waves
Ideal for long hair, this round brush creates large, voluminous curls and soft waves.

Oval attachment (70mm) - For voluminous and dynamic styles
The oval brush is ideal for styling long hair. It creates soft waves and impressive volume.
