

KA 4849 FULLY AUTOMATIC FILTER COFFEE MACHINE FILKA DARK

- Fully automatic "Cup Control": Measuring water to the exact cup is a thing of the past! The FILKA always draws the exact amount of water required for the desired amount of coffee.
- Flexibility and individual coffee enjoyment in a new dimension. The FILKA can do "everything" thanks to its innovative 5-in-1 compatibility and individually adjustable cup holder: glass jug (included), thermo jug, small cup, large cup or thermo cup "to go". Fully automatically adjustable coffee quantity (100 - 350 ml) for each cup.
- Premium quality coffee enjoyment - including sustainable gold-tone filter.
The optimum brewing temperature (up to 96° C) and pre-brewing function ensure freshly ground, hot and strong coffee. Incl. dishwasher-safe gold-tone filter as an alternative to the classic paper filter.
- A new level of operating convenience: Intuitive, simple and hygienic. The removable water tank makes it easy to fill and the removable bean container makes it easy to clean the grinder. The powder dispenser can also be opened automatically for easy cleaning. Including water filter!
- High-quality and space-saving ultra-slim design.
At just 17 cm wide, the FILKA fits in anywhere.
- Pleasantly quiet grinding process thanks to our quietest grinder to date.
