

KA 4852 FULLY AUTOMATIC FILTER COFFEE MACHINE FILKA

- Fully automatic "Cup Control":
  The FILKA always draws just as much water as is needed for the desired amount of coffee.
- Innovative 5-in-1 compatibility:
  Can be used with small cup, large cup, to-go cup, glass jug (included) and thermal jug. The adjustable coffee quantity for cup dispensing (100 - 350 ml) makes coffee dispensing highly flexible and customizable.
- Premium quality coffee enjoyment:
  With optimum brewing temperature (up to 96° C) and pre-brewing function, you can make freshly ground, hot and strong coffee.
- Individual coffee enjoyment:
  From weak to strong coffee, there is something for every taste thanks to the 5 adjustable coffee strengths.
- Intuitive user interface:
  Digital touch color display with easy-to-understand menu navigation for particularly simple operation.
- Setup wizard:
  Accompanies the user in setting up the device and guides them step by step through its operation.
- Practical reminder functions:
  Reminds the user to empty the coffee filter, refill the water or insert the bean container correctly, among other things, to avoid operating errors.
- Gold tone filter:
  The included, dishwasher-safe gold-tone filter can be used as a sustainable alternative to the classic paper filter.
- Easy to clean:
  The removable water tank makes it easy to fill. The grinder is easy to clean thanks to the removable bean container. The powder dispenser can also be opened automatically for easy cleaning.
- Practical assistance:
  Scannable QR codes lead to digital, easy-to-understand operating instructions.
